

## Statewide FREE VIN Etching Program

The ATPA is coordinating a summer auto glass VIN etching program with AAA Michigan, at their various branch offices statewide. This program, which is open to the general public, utilizes AAA employees, ATPA non-profit groups, and ATPA staff. During 2001, nearly 2,200 vehicles were etched at 22 different sites. Not only does it make a car less appealing to car thieves, but an etched vehicle may also qualify for a discount on the comprehensive portion of auto insurance premiums. Over a six-year period nearly 24,000 vehicle have been etched in this program. *Etching begins at 10 a.m. and concludes at 6 p.m.*
